ABOUT US

Pac-All-Products is a leading Level 1 B-BEEE company registered with the Companies Intellectual Properties commission (CIPC) as a Private Company (Pty) Limited. The business has been in operation for more than 15 years and currently employs a total number of 32 people. The core business of Pac All Products is the manufacturing, distribution, and supply of packaging products to the engineering, mining, medical and pharmaceutical, agricultural, construction, cleaning, transportation, food markets and various other industries.

OUR VISION

To be the best packaging company in Sub-Saharan Africa by producing and delivering packaging excellence defined by superior quality, unmatched service, continuous improvement, and constant innovation.

OUR MISSION

- To fully understand the demands and expectations of our customers whom we see as “long term business partners”.
- Keep customer satisfaction at the highest level by meeting them at optimum levels through a customer focused-oriented approach.
- Deliver competitive and superior packaging solutions for our customer supply chain.
- Embrace our guiding values that focus on developing and empowering our team members. As a result, our team will create valued, trusted, and lasting relationships with both customers and suppliers.

OUR STRATEGY

Our strategy is to focus on private and public sector providing tailored products and services that add value. Understanding our customer's value proposition through the formation of strategic partnership with our clients that will lead to a long-term relationships and providing Custom-Built Solutions to each customer in an efficient manner.

In keeping with our broader goals of improved service, the company endeavours to have established alliance partnerships to accommodate our customer's needs. Furthermore, in order to achieve our Vision, Pac-All-Products commits to and depend on the generally accepted and recognised best practices of business sustainability in the supporting and maintaining approach as follows:

- To train and empower all our staff across our core competencies enabling the supply chain demands allowing for the shift and transition that converts the company on becoming a value chain management driven enterprise.
- Aligning gazetted best procurement legislation for all of our financial activities targeting a broad-based empowerment business approach in the acquisition of quality of service and intelligent products that deliver low costs, tariffs and prices for key customer growth and benefits.
- Becoming intimate in the business partnership that facilitates a longer term relationship by demonstrating to customers, companies and organisation at large that business involvement is about business solution rather than about products.
- Target focus is attained through experience that confirms the strategic alliances founded on the principles of best practice recognition detecting synergies and synchronisation in the commonalities of business interest.
